Python

PROFILE

I am a dedicated and enthusiastic BCA student with a passion for full stack development. Currently pursuing my third year at Dr. Bhim Rao Ambedkar University, I have gained strong knowledge and practical experience in both MERN stack and LAMP stack development.

Throughout my academic journey and personal projects, I have developed a diverse skill set, including expertise in user authentication, admin panel development, payment gateway integration, and database management. I have also honed my skills in creating responsive and visually appealing user interfaces using Bootstrap and Tailwind CSS.

WORK EXPERIENCE

Node JS Backend Development

Internship at Speqto Technologies   2023

- Worked on a blockchain project called Qvani
- Collaborated with a team to integrate various features into the project
- Implemented AI KYC management for efficient user verification
